

# Simple. Affordable. Reliable.

## Web-based Management Software for the Small to Medium Sized Business.

### KEY FEATURES

#### SALES

Create sales quotes fast and easy. Convert your quotes to orders with the click of a button. Invoice the order all in one step. It's that simple! View an extensive list of sales reports including summaries by date or range, sales by product class, outstanding retail orders, and more.

#### POINT OF SALE

We know you want a POS system that is easy and intuitive to use. Complete transactions within seconds. Be confident that your inventory balance is up-to-date, your customers are invoiced, and transactions are posted in the financial module.

#### INVENTORY

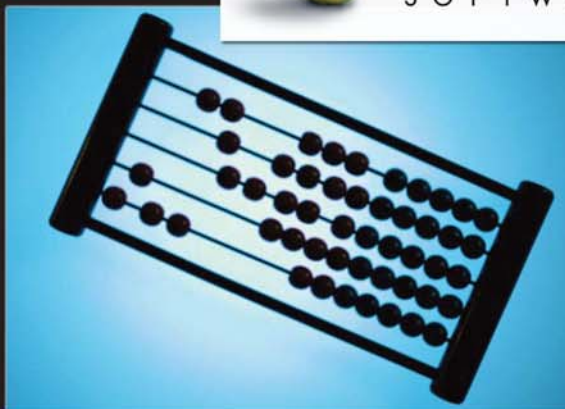

Know exactly what your product inventory levels are with SMB Suite. Peartree Software has been developing software for over 20 years, we know what you want and what you need to succeed in business; Extensive reporting capabilities allow you to produce clear, accurate reports by vendor, class, department and more. Your employees will have access to real-time information as a basis for decision making.

#### PURCHASING

Placing orders has never been easier. Drop down menus make looking up product numbers fast and easy. Reporting allows you to quickly view items on order. Do you want to implement bar code labeling? No problem with SMB Suite. Create your own bar code labels and banish data entry errors.

#### FINANCIAL

Track revenue, expenses, taxes, cash flow. Financial reports give you an up-to-date snapshot of your business. Ease of use make your employees more productive.
